Kitchen Cloths Item #'s: Salmon-307205, Blue-307206, Graphite-307209, Sea Mist-307208, Latte-307207, Buttercream-307211, Orchid-307210, Pomegranate-307212

Kitchen Towels Item #'s: Salmon-307105, Blue-307106, Graphite-307109, Sea Mist-307108, Latte-307107, Buttercream-307111, Orchid-307110, Pomegranate-307112

PROBLEM : Abrasive cleaning solutions leave a film of broken-down dirt, grime and chemicals dried on your countertops, once the water evaporates. Most towels and cloths just push the dirt around and become soggy quickly.

SOLUTION : Norwex Microfiber Kitchen Cloths and Towels completely dry surfaces and thoroughly clean kitchen countertops with only water.

Description:

These highly durable, environmentally friendly, microfiber Kitchen Cloths and Towels are super absorbent, quick-drying, non-abrasive and safe on most kitchen surfaces. Scratch-free and lint-free, they won't harm delicate surfaces like crystal and are excellent for drying dishes. Use them damp to clean grease, grime, smudges and more. The BacLock™* agent inhibits bacterial odor, mold and mildew growth within the product. This means cleaner cloths, less frequent laundering and reduction in cross-contamination. Use them dry to absorb moisture or attract dust and dirt like a magnet and trap it inside. They're perfect for a variety of surface jobs. Available in 8 colors: Orchid, Buttercream, Pomegranate, Blue, Graphite, Latte, Salmon and Sea Mist.

Cloth size: 35cm x 26cm / 13.78" x 10.24"

Towel size: 65cm x 35cm / 25.59" x 13.78"

Key Features:

- Contains Norwex's exclusive BacLock* agent
- Self-purifying microfiber
- Unique weave
- Lint-free
- Super-soft
- Machine washable
- Non-abrasive
- On-trend colors
- Super absorbent
- Fast-drying

Key Benefits:

- Norwex Microfiber uses a combination of static electricity and capillary action to pull dirt and grease up into the fibers and away from the surface.
- Dries kitchen counters and dishes quickly
- Safe on most kitchen surfaces
- Saves time, money and the environment with chemical-free cleaning and no paper towels
- BacLock*, the micro silver agent in the cloth, goes to work with self-purification properties against mold, fungi and bacterial odor within 24 hours so that it is ready to use again.
- Lint-free towels and cloths help provide a friendlier environment for allergy-sensitive individuals.

How to Use:

- Use wet or dry to clean and dry kitchen surfaces, including stainless steel, enamel, ceramic, glass, chrome, granite, marble, slate, quartz, tile, wood, plastic, stone and china.
- Slightly dirty microfiber can be washed with Norwex Dishwashing Liquid under warm running water and used again before laundering. Rinse thoroughly after washing and air or machine dry.
- Cloths that have been used heavily should be laundered using Norwex Ultra Power Plus™, which contains no fillers. Do not use bleach, fabric softeners or dryer sheets.

Demo Tips:

- Have your Host set out several coffee cups. Rinse each one in water and dry it with the same towel. Occasionally let guests feel the towel, or let them take turns drying cups, to see how much water the towel can hold.
- Place a regular cloth in one cup of water, and then place a Norwex Kitchen Cloth in another cup of water next to it. Ask guests if they can guess which cloth will be able to hold the most water.

Did You Know?

- Many products incorporate silver because of its antibacterial properties. There are silver antibacterial socks, silver soap, silver-lined curtains in hospitals, silver-lined bandages for treating burns, even silver toothbrushes.

All Norwex Microfiber products carry a two-year warranty. Please visit www.norwex.com for complete details.

*Contains BacLock, an antibacterial agent for self-cleansing purposes only. The agent is solely designed to inhibit bacterial odor, mold and/or mildew growth within the product.
