

# Bottle Brush, EnviroSleeves and Extensions

Item #: Bottle Brush with EnviroSleeve—1451, EnviroSleeve—357053, EnviroSleeve with Scrubber—357055, Bottle Brush Extensions (Set of 2)—357013

**PROBLEM :** Vases, bottles and other containers with long, narrow openings can be especially hard to clean. Sometimes your hand can't fit inside to reach the bottom. And nylon bottle brushes can harbor unwanted bacteria and germs.

**SOLUTION :** The Bottle Brush and EnviroSleeves are perfect for cleaning a variety of jars, bottles and vases. The Brush's ThermoPlastic Rubber bristles are flexible, yet sturdy, and won't harbor bacteria. The EnviroSleeves slip on easily to scrub away, lift and remove even stuck-on residue. And our new Bottle Brush Extensions are great for cleaning hard-to-reach areas.

BOTTLE BRUSH WITH ENVIROSLEEVES

BOTTLE BRUSH EXTENSIONS

## Description:

Flexible and sturdy ThermoPlastic Rubber (TPR) bristles combine with an easy-grip handle in this kitchen "must have" that quickly gets bottles, vases, glassware and other containers spotless. Layer on the EnviroSleeve to gently clean delicate glassware, or purchase the EnviroSleeve with Scrubber for extra-tough jobs. And for those hard-to-reach areas, snap on a Bottle Brush Extension.

### Bottle Brush:

4.8 cm x 31.8 cm / 1.9" x 12.5"

### EnviroSleeve\*:

7.6 cm x 11.4 cm / 3" x 4.5"

70% polyester / 30% polyamide, blue

### EnviroSleeve with Scrubber:

7.6 cm x 11.4 cm / 3" x 4.5"

80% polyester / 20% polyamide, blue

### Brush Extensions:

19.8 cm x 6 cm / 7.8" x 2.4"

26.1 cm x 3.5 cm / 10.3" x 1.4"

## Key Features:

- A selection of tools for cleaning a wide variety of bottles, dishes and glasses
- Bottle Brush and Extensions are made of TPR—ThermoPlastic Rubber is more durable and flexible, and it won't wear out as quickly over time as standard nylon-bristle brushes.
- Bottle Brush Extensions offer extra options to clean hard-to-reach nooks and crannies.
- Rubber bristles are spaced far enough apart to allow for quick rinsing and drying, yet close enough together to clean thoroughly.
- Bottle Brush and Extensions are dishwasher safe.
- Bottle Brush has a hole to facilitate quick drying and easy storage.
- Bottle Brush comes with one EnviroSleeve, containing Norwex's exclusive BacLock™\* agent
- Norwex Microfiber EnviroSleeve has the ability to remove up to 99% of bacteria from a surface when following the proper care and use instructions.
- EnviroSleeve with Scrubber also available for extra scrubbing power.
- Bottle Brush Extensions easily snap onto Bottle Brush handle to reach the bottoms of tall vases and bottles.

## Key Benefits:

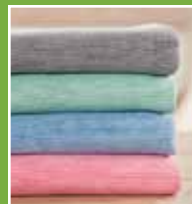

- Gets long-necked bottles, jars and vases completely clean
- Non-scratch bristles are extra soft and flexible to clean thoroughly without scratching.
- Contains no nylon bristles that can harbor bacteria or metal wire that can rust
- Non-slip, ergonomic handle provides a secure grip, even when wet.
- Bottle Brush comes with extra-soft EnviroSleeve, which slips on easily and secures with Velcro® to clean baby bottles, delicate champagne flutes, fine china, coffee mugs, etc.
- Bottle Brush can be paired with EnviroSleeve with Scrubber, which contains both a soft side as well as a scrubby side to clean tough, stuck-on residue from plates, silverware, pots and pans.
- BacLock\*, the micro silver agent in the EnviroSleeve, goes to work with self-purification properties against mold, fungi and bacterial odor within 24 hours so that it is ready to use again.

*\*Contains BacLock, an antibacterial agent for self-cleansing purposes only. The agent is solely designed to inhibit bacterial odor, mold and/or mildew growth within the product.*

BacLock™

## COMPLEMENTARY PRODUCTS

- Norwex Dishwashing Liquid
- EnviroCloth™
- Scrubby Corner Cloth
- Kitchen Scrub Cloth

## Bottle Brush, EnviroSleeves and Extensions

### Care and Use:

- Use Bottle Brush alone, or paired with the EnviroSleeve or EnviroSleeve with Scrubber to deep clean interiors of baby bottles, vases, jars and more. Add an Extension to the handle for those hard-to-reach areas.
- Rinse and hang to dry after each use. Bottle Brush and Extensions can also be washed in the dishwasher.
- Slightly dirty microfiber EnviroSleeves can be washed with Norwex Dishwashing Liquid under warm running water and used again before laundering. Rinse thoroughly after washing and air or machine dry.
- To launder EnviroSleeves, seal Velcro® closures and launder with Ultra Power Plus™, which contains no fillers. Do not use bleach, fabric softeners or dryer sheets.

### Demo Tips:

- Demo how easy it is to clean a vase using the Bottle Brush.
- Slip an EnviroSleeve or EnviroSleeve with Scrubber onto the Bottle Brush to demonstrate the cloth's ability to dry, as well as clean, the interior of a bottle or vase.
- Snap on an Extension and demo it using a baby bottle.
