

Reusable Grocery Bag with BacLock™

Item #: 358510

PROBLEM : Single-use plastic and paper bags are now banned in many cities. Plastic pollutes highways, streams and waterways and can leach harmful chemicals. Paper bags consume a lot of resources to make. In addition, these types of bags can easily split, break or rip, and they're unsanitary for reuse.

SOLUTION : Eliminate thousands of single-use bags, go green and save money by using the Reusable Grocery Bag with BacLock*—the perfect alternative to plastic and paper bags.

Description:

This reusable carry-all bag is the right size for a trip to the grocery store and strong enough to hold all your fruits, vegetables and other food staples. The self-cleansing BacLock* lining and the food-grade fabric give you the added bonus of keeping your food fresher between the store and home. Get more than one so you'll be able to carry all your purchases home the eco-friendly way.

32 cm x 21 cm x 36.5 cm / 12.6" x 8.3" x 14.1"

Key Features:

- BacLock* lining is solely designed to inhibit bacterial odor, mold and/or mildew growth within the product.
- Made with food-grade material and recycled plastic
- Strong and roomy enough to hold several large items

Key Benefits:

- Perfect for carrying fruits, vegetables and food staples
- Keeps food fresher between the store and home
- Great size for many uses, many times
- Helps reduce plastic waste
- Reduces demand for tree-consuming paper bags

How to Use:

- Carry several with you in your car to have handy any time you go shopping.
- Makes a good carry-all for trips to the beach, camping and other outdoor activities.
- Makes a great conversation-starter for the Norwex Consultant—at the grocery store, soccer field or public library.
- Wipe clean with a damp EnviroCloth™; air dry.

Demo Tips:

- Have several large grocery items handy to show guests how much can fit in one bag.
- Pass it around so guests can touch it and feel the strength of the material.

Did You Know?

- It takes more than 100 years for one plastic bag to decompose, making a significant adverse short- and long-term impact on marine ecosystems, solid waste management, global resource consumption and litter.
- More than 1 million plastic bags are used every minute.
- On average, one family accumulates 60 plastic bags in only four trips to the grocery store.

60-day warranty

**Contains BacLock™, an antibacterial agent for self-cleansing purposes only. The agent is solely designed to inhibit odor from bacteria, mold and/or mildew growth within the product.*
