- Pour a capful under running water in your Host's kitchen sink to demo the long-lasting bubbles. Encourage guests to breathe in the refreshing aroma. Mention that the bubbles can be "re-activated" by running water.
- Place a bottle in your Host's bathroom, along with a Pet to Dry or Chenille Hand Towel, and invite guests to comment on the silky soft feel of their skin after use. Ask them to think of children they know who would also enjoy using these products—as well as the moms who would appreciate them, too!
