Description:
Our Mop Pads pick up even the tiniest particles and attract dust like a magnet. They are excellent for cleaning linoleum, vinyl, laminate, wood, marble and tile flooring; ceilings; walls and even high windows, all without chemicals.

Dry Mop Pad small: 34cm x 14cm / 13.39” x 5.51”
Dry Mop Pad large: 52cm x 14cm / 20.47” x 5.51”
Dry Superior Mop Pad small: 34cm x 15cm / 13.39” x 5.91”
Dry Superior Mop Pad large: 52cm x 15cm / 20.47” x 5.91”
Wet Mop Pad small*: 32cm x 14cm / 12.6” x 5.51”
Wet Mop Pad large*: 52cm x 14cm / 20.47” x 5.51”
Tile Mop Pad small: 32cm x 14cm / 12.6” x 5.51”
Tile Mop Pad large: 52cm x 14cm / 20.47” x 5.51”

Key Features:
• Norwex Floor Systems clean floors using microfiber or polyester Mop Pads and water only.
• Perfect for a variety of floor surfaces as well as windows, walls and ceilings
• Superior Dry Mop Pads are constructed of Norwex Microfiber and use static electricity to draw and lift even the tiniest particles up into the cloth.
• Open spaces in the fibers created by the splitting process enable the pads to lift away dust and dirt and absorb several times their own weight in water.
• Nylon and microfiber give the Tile Mop Pad extra scrubbing power.
• The Wet Mop Pad contains Norwex’s exclusive BacLock™️ agent.
• Mop Pads can be easily switched to suit the purpose.
• Mop Base can be locked into position to easily clean windows and ceilings.
• Telescopic Mop Handle also fits our bendable microfiber Envirowand to clean ceiling fans.
• Dry Mop Pads can be cleaned quickly using the Rubber Brush. All Mop Pads also wash clean in the laundry with Ultra Power Plus.

Key Benefits:
• Floors are safer for children and pets—no harmful chemical residue remains.
• Mop Pads lift and trap even the tiniest particles of dirt and debris.

How to Use:
• Dry mop first, attaching a Dry Mop Pad to the Velcro®️ on the aluminum Mop Base. Adjust the Mop Handle to chin height and twist the outer handle clockwise to lock.
• Dust the edges from the back of the room toward the door, then move the Dry Mop in a figure 8 pattern, keeping the leading edge of the mop forward at all times. This keeps all the dust on the same side of the mop. Brush the collected dust and hair out of the mop using the Rubber Brush directly into the garbage can.
• To use wet, moisten the Wet Mop Pad or Tile Mop Pad under running water. Roll to wring out well and attach it to the base.
• Mop around the edges from the furthest point toward the door, keeping the leading edge of the mop forward at all times. Use a Norwex Spray Bottle to add water, if necessary.
• Lock the base in position to clean walls and ceilings.

All Norwex Microfiber products carry a two-year warranty. Please visit www.norwex.com for complete details.

*Contains BacLock, an antibacterial agent for self-cleansing purposes only. The agent is solely designed to inhibit bacterial odor, mold and/or mildew growth within the product.
Mop Bases:
The durable Mop Base comes in small or large, easily snaps into the handle, and features an easy locking mechanism to hold the base firm for washing walls. Velcro® strips secure Mop Pads to the base, and rubber edging protects walls and furniture.
Small: 24cm x 8cm / 9.45” x 3.15”
Large: 40cm x 8cm / 15.75” x 3.15”

2-year warranty

Telescopic Mop Handle:
Combine with our Mop Base and your choice of Norwex Mop Pads or our EnviroWand™ for the ultimate in chemical-free cleaning. Great for floors, walls, ceilings, ceiling fans and a multitude of other hard-to-reach cleaning jobs. Handle adjusts to fit your height so you can comfortably clean even the most out-of-the-way areas.
Adjustable:
98cm – 160cm / 38.58” – 62.99”
2-year warranty

Mop Conversion Kit:
Use these handy brackets to convert your Mop Base for cleaning windows or ceilings. Durable rubber grommets fasten the Window Cloth*, EnviroTowel* or Car Cloth* in place for washing and polishing hard-to-reach areas. Snap brackets onto the top side of the base and press cloth firmly into the grommet slits.
8cm x 5cm / 3.15” x 1.97”
1-year warranty
*Not for use on anti-glare surfaces.

Demo Tips:
- Demo Dry Mop Pad on Host’s floor, brushing clean with the Rubber Brush. Point out that debris won’t easily shake out of the Mop Pad, due to the microfibers’ tight hold on the particles.
- Show how easy it is to adjust the height of the Mop Handle.
- Point out that the Wet Mop Pad may drag a little the first time it’s used because it is removing leftover residue from the floor.

Did You Know?
- Clean wood or laminate floors with minimal moisture. Using too much water may cause the wood to swell and can result in streaks on flooring.
- Mop Pads can be rinsed in the sink, if necessary; however, you may be surprised to see that one Mop Pad can clean your entire floor.
